## OUR SPEAKERS

**Dr. Amir Hadjhamou**

Is a Specialist Prosthodontist with extensive clinical and academic experience. He completed his post-doctoral training and specialization with honors at University Claude Bernard Lyon 1, France, and served as an adjunct lecturer at Hotel-Dieu Hospital, Lyon. Based in the UAE for over 15 years, he is a Ministry of Health-licensed Consultant Prosthodontist, focusing on aesthetic rejuvenation and prosthodontic rehabilitation. He has been an adjunct faculty member at the University of Sharjah for 13 years, mentoring undergraduate and postgraduate prosthodontic students. In 2011, he founded the ADAM Course, one of the UAE's first dental veneer programs, and later developed advanced full-mouth reconstruction courses. He currently directs a one-year Professional Diploma in Aesthetic Restorative Dentistry. Dr. Hadjhamou is a renowned international speaker, has lectured in numerous countries, trained over 3,000 dentists worldwide, and serves as a key opinion leader for major dental industries.

**Dr. Gregor Hocevar**

Dr. Hocevar is the owner and director of Slovenia's leading private clinic for metal-free dentistry, where he practices with a team of five dentists. He graduated from the Faculty of Medicine at the University of Ljubljana in 1996, receiving both the Prešeren Prize and the Oražen Prize as the best graduate of his generation. In 2017, he became the first dentist in Slovenia to earn the title of Specialist in Biological Dentistry and Ceramic Implants. He later completed a 2nd Level University Master in Oral Implantology at the International University of Health Sciences in Rome (2021/2022). His clinical focus is on immediate ceramic implant placement, particularly in the esthetic zone, and he has developed an innovative surgical technique to enhance soft-tissue outcomes. He regularly publishes peer-reviewed articles and lectures internationally on biological dentistry.
